Dear Don: - It was quite a good game today. Plenty Rough! Cockman got hurt on the first play. Broken ball socket joint in his elbow. The firemen were there with their stretchers. First Aid as they took him to the hospital. Then a. D. F. boy got his shoulder hurt. The Fire Chief took him to the hospital. Then Jones got Revoked out - that is aged - he wandered around there like he was drunk. I guess you know what that's like. Then after they once hurt his leg had to be taken out on a stretcher but went in again. Then Kibler hurt his elbow but after first aid by Ralph Brenner he was able to go back in. Then another fellow was out for awhile. So it was a pretty rough game.

Would you like O.S.K. today? We heard the last quarter of it. Gene happened to find it on the table first before they made their 2nd touchdown. That's pretty alright being way out there. Coming back like that. I could just see Betty going wild. Being thrown out of the stands if she was there. She says they're getting their first win out there. That's pretty good. What else was just in the paper? Oh, and it on to you as a last of so. Well, we'll be right with you - that's why we will be there to go up there.

Gene goes to work at G.D. Monday. They called him today. Doesn't know yet what he'll do. Glad you didn't have to go on business. Wonder how you're doing at Camp Wood tonight? I'll be waiting to hear. That's all from this joint at this time and aren't you glad? Hope this hasn't been too hard on your eyes.

Dear Aunt,

Hiway for O. S. / We made
a touchdown. We didn't get
to go but are listening to it
on the radio. We couldn't
get any good tickets & then
on top of that we couldn't
get anyone to watch Hank
& Duff. Grandma Nicolls
wouldn't let me take him.
They think he's too young.

Imagine. He could probably
play a too better game than
U.S.C. The college where
they're playing is about
500 blocks from where we
live. I told Hank I had
a notion to go down & crawl
under the fence. O.S. is sure
doing O.K. now. Not as good
as if you were playing
Tapestry.

Well Imagine I took
just woke up & started

Yelling his head off. When
he wants attention he starts
coughing real funny until
someone pays attention to
him. It's sort of already.

Here's another pic of Boris
& one of the Shover family
too. Did I send you one of
them before?

Yeah. I am celebrating
tonight. This is your birthday
so we're going to celebrate too.
We're not Jews though,
believe me.

Mom was telling me about
the kids ~~of~~ having Big Day
at school. They must
love that guy. So do I.
Did Mom tell you about
them reading your telegram
at Commencement & how
everyone cheered & yelled
when they read your
name. That's your picture.

3. This game is so exciting
I'm having an awful time
writing this.

Buck packed some lemons
to send home & now Frank
trying to undo the box.

First, he sits on it, then
bounces a few times but so
far he hasn't had any
luck. It's so strange. I just,
Buck, he's the biggest baby
you ever saw. His legs &
arms look like a boxer
& he climbs all over every-
thing. He walks all over
the room holding on to
things & everytime he falls
he gets up laughing. This
last week he's learned to
do the "masking" so he goes
around spitting at everyone.
It's cute now but I hope it
be for long, I'm afraid.
I just put him on the floor

4/2 so he's pulling chunky shoes
out of the closet. Everything
he's got suppose to have the
gang at the.

Did Mom send you a
picture of her - Dad on their
trip. Gays are they sharp
looking any more. The older
the get the younger they look.

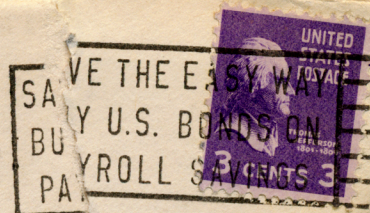

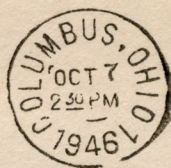

This game is too good.
Lotta' fun for now. It makes
me homesick for Ohio. I
hope they show these old
Californians. They think
they're so smart.

Bye now. Send more pics
when you get any.

Thank you help. Come
out & see them.

Love,
Betty

My Dear Don:

So very glad to hear from
you and to know that you like your work -
I'll be glad, tho, when you are through
with the service and are back in C.S.M. -
Wambold & Frost did not make the team
- too many very good old ones back from
service. Our boys were so disgusted with
the Missouri game - but oh, my! didn't
the team come back yesterday? We supposed
they would get walloped right - Frost
enlisted and will be wearing uniform
before long - The boys are all G.I.s except
Bill Clark & young brother - They bought
a house in Cluttsenden but not to have
possession for six mo - The mother has a
room out east and the high school bo
is with Bill (Nice boy, very.) Eddie Wambold

is still here. Red Holschur, Bob Brauer -
that you know. Have a fine bunch - and am
pretty well. Had the bathroom decorated
with Wallpaper last wk - A vast improvement
The house was painted in the spring and
the roof gone over - My neighbor Mrs -
Fullerton getting too old to be away from
her family, sold out and is living
with her family in Hamlet N.Y -
(The seat of Colgate) A family bought
the house and have six boys on the 3rd
floor - They are lovely folks - I think
nearly all the old boys coming back
turned up here for rooms - I could
take care of one and located another nearby -
I suppose you have heard from Dave what
the house & room situation is - I appreciated
so much his coming to see me -

This morning was communion at church
also the first Sun in the fall quarter. Service
was filled like Easter. Five to a seat and the
rear balcony has been remodeled to hold a
lot more. Had a new music director as
Gunter resigned in June. To go to his home
in Tallahassee. Understand the climate
here did not agree with him & that he
got a better position at home.

I know you will appreciate the
rights when you go abroad. Hope you
see interesting places. We have had
a warm Sept & Oct (except short spells).

Yesterday Temp. went to 80. Hospital said
"insupportably & excessively hot." Let us
hear from you again.

Very very best to you—

Dear Buck,

Don't get me wrong we've only got one child so far. The little girl I'm holding belongs to a couple we run around with. She & Hank were born the same day & met in the hospital nursery. We had an awful time getting him to come home cause he wanted to stay there with her. I guess he thought she was a shift chick.

Hank just tried to clean the stove for me & is he black. He climbs up on everything & gets into more trouble. Just before he climbed upon the stove he pulled the water pan from under the ice box & started splashing in the water before I noticed him. Now he just stepped out of his diaper & as soon as he did he met on the floor. What a life. It's sure exciting anyhow.

24 Four O.S. last out Saturday
didn't they? Did you hear
the game? I couldn't get it
on our radio. I'm waiting for
the world series tomorrow. I'm
for the Red Sox but they'll win
easily. (I hope). I've heard all
the games but yesterday & some
of them were really good.

Guess what we're having for
supper. - chicken. We took a
ride to the San Fernando
Valley - came home with two
chickens. Only one was for us
though.

Mom says you're supposed to
go across next month. I sure
hope not but if you do I
hope you get just this way
first so you can see Hank
before he's a man. He weighs
26 lbs now - keeps gaining
every day. Good football
material. Right now
he's an old cry baby. He's

3
yelling his head off 'cause
I won't look at him. I put
him to bed for his nap but
he has different ideas.

Saturday before last we
went to see Karen Sacall
in the Big Sleep. She sighed
every time she came in the
screen.

Did I tell you Louis &
Macey wanted some of your
pictures like you sent me? Have
you got any extra? They tried
to get more but I hid them.
How's your eye? Is it
still all cleared up. Mine is
much better but has a way
to go yet. I'm still getting
shots every week & oh golly
do they make your sore. I
have to sit down so easy
for days.

Now I'd better show my son
who's boss. He's still yelling
By now. Watch those cat girls
Love,
Billy

Dear Blue Devils - Bucks,

I'm ashamed to send this program: What a mess! There were a bad boy on Mack's team that ran away from all of them. But I think I can't do anything. I have Hill, so still in the hospital with his broken neck. He's not playing games so the team is all shut. What there was of it. Let me get in for a minute. Rudy played well but is just too small. Left back Anfield & they beat Louisville yesterday.

Dear Buck,

So you admit you lost
a football game. What's the
matter with the army? Maybe
they need a few of us washen
out the team. A.P. isn't
doing so good either but
they're probably just
waiting 'til you get back.
You should get all the first
string when you do. The dr.
told me I had to start my
exercises again so I guess
I'll have to join a football
team or something.
I sure hope you get out
here. We could really paint
the town red with lots of
blonds, brunettes & redheads.
Don't that sound? This is a
big town so there's plenty
of all kinds. Just take
your pick. Ask Sam. I'll
tell you cause he doesn't

2/ miss even one. I put him
in his Taylor Sat in the
front yard & he yells at
everyone that goes by, but
yells a little louder at the
little girls. He & Ginny have
a circus. We were out at
their house last night & they
sure had a time. Hank
wanted everything she had
& practically beat her up
trying to get it. She was
crying for every when we
went but Hank took it
away from her so I broke
it in half & gave each a
piece but that really made
Hank mad. He finally grabbed
her piece too. She's so tiny
too that there's not much
she can do when he makes
up his mind to take any-
thing she has. Towards the
end of the evening she got
so mad at him that she'd

³/₄ crawl up behind him & pull
his head & boy, would he
upell. They're for comical to
watch. Hank weighs 26 1/2 lbs
& is 31" long now. It's a man
mountain compared to Giny.
Dunk & I saw Clark & Ruffin
last Saturday in Tally wash
was it good. Lots of blood
& thunder. I like Gary Cooper
so much. He sure can fight
too.

I haven't heard from Mom
for a few days. Guess she's
busy with her social affairs.

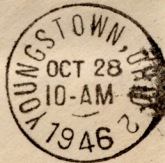

Sorry, no more pictures of
Mary & Claris this time. I think
Dunk has a couple I might
steal one of these days. They're
glamour pictures & what pics.

Well, Hank wants some
ice-cream so guess I'll have
to get some too. Good excuse.

Bye now

Love,
Betty

Dear Buck: —
 This was really a good game go
 you'll see by the record in the
 indicators.
 Allen & Jones played just strong again
 — they helped all the Allen's in good
 plays — the defense gave up some
 but they took him. The last touch down
 was literally love over to make it.
 Jones played that way.
 — Purple played a good game too.
 But they had to lose it. Even a tie we
 wouldn't have minded.
 I guess the coach was pretty

Dear Buck: —

This was really a good game as you'll see by the account in the Windicator.

Allen & Jones played just strong again. They helped a lot. Allen is a good player — he doesn't give up soon. They touch him. The first touch down he literally dove over to make it. Jones plays that way too. Pudge played a good game too. So's Dad they had to lose it. Even a tie we wouldn't have minded. I guess the crowd was pretty sore. — which I guess it didn't do any good after it was over. Then with blue & white girls all seated on 50 yd. line. Oh —
